

eDCA Transfer Release v3.0.1

Date Created	Aug 29, 2019 16:00
Version	3.0.1
Download URL	https://commondatastorage.googleapis.com/beet-package-installs/edca-packages/package-edca-transfer-3.0.1.tgz

eDCA Data Transfer Agent v3.0.1 is not backward compatible with v2.x series. Please contact Beet Support before you attempt to update new v3.x series.

- Internal Queue for Store and Forward of messages when network outage occurs have been revamped. Note: This new version 3.0.1 can not update v2.6 and prior.
- eDCA system firmware is required to be updated as well to allow v3.0.1 to work correctly.
